MEMORANDUM FOR: Mr. Colby

SUBJECT : National/Tactical Intelligence Interface

1. We think you may find the attached 13 June JCS message to CINCEUR interesting evidence that while the wheels are ponderous, they are turning.
2. A JCS/ICS team will brief the CINCEUR people on the national community, systems, processes, problem areas and the objectives of study before the European commands submit their contributions.
3. A copy of this message is being provided to DDO.
